and Telecommunications

Under the Patronage of Minister of Transportation and Telecommunications, Kingdom of Bahrain

Invitation to attend Market Consultation Event

Dear Sir/Madam,

As part of its Economic Vision 2030, the Kingdom of Bahrain, aims to modernize public transport in the country and plans to procure its first Light Rail Transit System (the Bahrain Metro Project) through a Public Private Partnership Model. The initiative is spearheaded by the Ministry of Transportation and Telecommunications (MTT).

We are pleased to announce a Global Market Consultation Event to introduce the Project to International and Regional players and encourage dialogue with the industry.

During the event, MTT leadership along with its team of advisors will provide an overview of the project and their vision followed by a question and answer session.

The Project - Bahrain Metro Phase One

The Bahrain Metro project comprises of 109km network with four transit lines to be developed in phases. Bahrain Metro Phase One represents the first phase of MTT's ambitious plans and comprises two lines with an estimated length of 28.6 km and includes 20 stations with two interchanges. The two lines aim to connect the key transit points including the airport as well as major residential, commercial and, educational areas in Bahrain.

Event Highlights

- Presentation providing details about this strategic and prestigious project
- Opportunity to ask questions and provide comments, views and ideas about the project
- Learn more about this investment opportunity and how to get involved
